Secrets of the Millionaire Mind reveals the missing link between wanting success and achieving it!

Have you ever wondered why some people seem to get rich easily, while others are destined for a life of financial struggle? Is the difference found in their education, intelligence, skills, timing, work habits, contacts, luck, or their choice of jobs, businesses, or investments?

The shocking answer is: None of the above!

In his groundbreaking *Secrets of the Millionaire Mind*, T. Harv Eker states: "Give me five minutes, and I can predict your financial future for the rest of your life!" Eker does this by identifying your "money and success blueprint." We all have a personal money blueprint engrained in our subconscious minds, and it is this blueprint, more than anything, that will determine our financial lives. You can know everything about marketing, sales, negotiations, stocks, real estate, and the world of finance. But if your money blueprint is not set for a high level of success, you will never have a lot of money—and if somehow you do, you will most likely lose it! The good news is that now you can actually reset your money blueprint to create natural and automatic success.

Secrets of the Millionaire Mind is two books in one. Part I explains how your money blueprint works. Through Eker's rare combination of street smarts, humor, and heart, you will learn how your childhood influences have shaped your financial destiny. You will also learn how to identify your own money blueprint and "revise" it to not only create success but, more important, to keep and continually grow it.

In Part II you will be introduced to seventeen "Wealth files," which describe exactly how rich people think and act differently than most poor and middle-class people. Each Wealth File includes specific steps for you to practice in the real world in order to dramatically increase your income and accumulate wealth.

If you are not doing as well financially as you would like, you will have to change your money blueprint. Unfortunately your current money blueprint will tend to stay with you for the rest of your life, unless you identify and revise it, and that's exactly what you will do with the help of this extraordinary book. According to T. Harv Eker, it's simple. If you think like rich people think and do what rich people do, chances are you'll get rich too!

Using the principles he teaches, **T. HARV EKER** went from zero to millionaire in only two and a half years. Eker is president of Peak Potentials Training, one of the fastest growing success training companies in North America. With his unique brand of “street smarts with heart,” Eker’s humorous, “cut-to-the-chase” style keeps his audience spellbound. People come from all over the world to attend his sold-out seminars, where crowds often exceed 2,000 people for a weekend program. So far, Eker’s teachings have touched the lives of more than a quarter million people. Now, for the first time, he shares his proven secrets of success in this revolutionary book. Read it and grow rich!

“Give me five minutes, and I can predict your financial future for the rest of your life! How? By identifying your personal ‘money and success blueprint.’”

—T. Harv Eker, from Secrets of the Millionaire Mind

In this life-changing book, you will learn how to identify and revise your own money blueprint to dramatically increase your income and accumulate wealth. By using these proven principles T. Harv Eker went from zero to millionaire in only two and a half years. Read it and grow rich!
