The Duplication Nation of MLM

Seattle, WA, July 19, 2005

Vegas Buzz Radio and The Hare Brained Ideas Group have teamed up to create The NetMillionaire Buzz Radio Show. July 19th brings the dynamic MLM training of Randy Gage www.Randygage.com to the Group's Explosive New Radio Show. In conjunction with their new MLM Training Game, "The NetMillionaire Training System" designed for the Network Marketing Industry, the show is a phenomenal new tool that MLM business owners and entrepreneurs can use to get the inside scoop on training skills, success practices and much, much more. In turn, they can share this information with their associates and employees to accelerate their businesses to the next level.

This NetMillionaireBuzz Radio Show is hosted by Ross Arntson and Rob Hannley, two of the three creators of "The NetMillionaire Training System" which is the first ever "edutainment" training program for the Network Marketing industry in the form of a high quality board game. This engaging training system encourages the participants to interact through role playing and participatory techniques which act as mental anchors, re-enforcing the training materials. This creates a powerful method to retain information for the players. With weekly reinforcement from the radio program, networkers have a tactical edge on the competition

For more than 20 years, Randy Gage has been helping people transform self-limiting beliefs into self-fulfilling breakthroughs to achieve their dreams. Randy is considered by many to be preeminent expert on direct selling and network marketing in the world today. He is a true industry icon, having touched millions through live programs in more than twenty countries

Randy's "Escape the Rat Race" audio has introduced the industry to millions of prospects all over the world. And his latest album, "**Duplication Nation**", has earned world wide recognition as the most advanced training on the science of building an organization that has ever been offered. This album is the revolutionary successor to Randy's best selling audio album "How to Earn At Least 100,000 A Year in Network Marketing." Randy is here today to talk about what you need to know to build a massive network marketing/ direct selling organization.

Randy Gage has been called “the Millionaire Messiah” because he believes that you are meant to be rich, and it is a sin to be poor! He travels the world teaching that health, happiness and wealth are possible for all who desire it. Randy is a tireless advocate of using network marketing and direct sales to acquire and keep financial security.

His book, “How to Build a Multi-Level money Machine” is considered the seminal work on the business. His “*How to Earn at Least \$100,000 a Year in Network Marketing*” audio series is the #1 selling album in MLM history. And his “*Escape the Rat Race*” audio has introduced millions of prospects to the business. His books and other learning resources have been translated into 14 foreign languages.

Randy may know more about the science of the business than anyone. He’s been a distributor, consultant, company executive, and he consults with the most successful leaders in the business. (In fact, Randy’s clients and protégées are the top distributors in at least 10 major international companies, with sales in the billions of dollars.) His own journey from minimum wage to multi-millionaire uniquely qualifies him to teach this empowering message of abundance. Find out more at www.RandyGage.com.

Randy’s Prosperity Events are talked about heavily and his attendance records are being broken each and every event.

Imagine designing a life with meaning, growth, and adventure. Experiencing luxury, fun, and fulfillment on a daily basis. Having a housekeeper, gardener, and maybe a nanny or cook. Regular visits with your masseuse, personal trainer, and your private language tutor.

Picture having a condo in Miami, with a flat in Paris or London, a ski lodge in the mountains, a bungalow in Spain or maybe an island get-away in Hawaii. You could follow the sun and your heart.

Put on your evening clothes and fly to New York City for opening night at the Met. Or spend New Year’s Eve at the Kaiser’s Ball in Vienna. Or leave the tux and gown behind and spend the days barefoot on the beach in Tahiti. Or maybe you just curl up by the fireplace in your dream home with nothing on but a Sinatra CD.

If you have dreamed of owning a Viper, Lamborghini, or Ferrari . . .

If you hunger for a bigger house, designer clothes, new furniture, or fine art . . .

If you want to provide your children with the finest education available and ensure their security . . .

If you have ever wanted to walk hand-in-hand along a deserted beach, or kiss under the Eiffel Tower with the love of your life . . .

If you have ever imagined life without an alarm clock, rush hour traffic, overdue bills, and a job you hate . . .

Then the “Sacred Secrets of Prosperity” workshop from Randy Gage is the most important item on your calendar right now.

Randy has been called “the Millionaire Messiah” because he believes that you were born to be rich, and it's a sin to be poor. In this powerful and unique program, he will reveal the secrets he learned as he rose from minimum wage to multi-millionaire; from sickness to abundant health; and from depression to a passion for living.

Now maybe all of the above seems like a bit much to you. Instead of thinking about a dream car, you may be living paycheck to paycheck, just worrying about meeting your bills. Instead of work of fulfillment, you may have a dead end job. You may be so busy just getting by, you lose your dreams.

But you can't let that happen . . .

I know, because Randy was in that kind of situation too. And not only did Randy get out of it, but he can help you do the same thing. Randy can teach you the secrets he used to become rich.

This event is not about network marketing, investing in real estate, or any of those other business opportunities you see on late night infomercials. In fact, it transcends all businesses, because it goes to the core basis of real prosperity:

How to harness the power of the mind.

This is the stuff that Napoleon Hill alluded to in “Think and Grow Rich.” The power that Charles Fillmore talked about in his book “Prosperity” and Ernest Holmes taught about in “The Science of Mind.” J. Paul Getty, one of the richest men the world has ever known, called it, “the millionaire mentality.”

These people all understood that true prosperity—wealth, health, and abundance—comes from the mindset you develop. The consciousness you create, and the beliefs it is grounded on. You have to know you are worthy, and then develop the mindset that attracts your prosperity to you.

And that's where Randy can help you . . .

He's spent the last 15 plus years studying and implementing the laws that govern prosperity. When he began, he was deeply in debt, and unemployed. From that point he rose to become a healthy, happy and successful multi-millionaire, leading a life most people only dream about. And now he wants to take you on a journey to discover the principles and universal laws that govern the forces of prosperity.

At the “Sacred Secrets of Prosperity” workshop you'll uncover the subconscious limiting beliefs that are causing you to sabotage your own success. You will destroy them, and replace them with beliefs that serve you. You'll discover how to get out of debt and develop continuous cash flow. Most importantly, you will create the mindset and prosperity consciousness necessary for manifesting and keeping great abundance.

This program is what you need to create the life you only previously dared dream about. Now it's time to live it. *But only if you are a certain type of individual . . .*

This life-transformational program is not for everyone! To participate, you have to sign a special commitment form. You cannot bring cell phones, pagers, laptop computers or electronic distractions of any kind. (If you bring in a cell phone or other item you will be expelled with no refund.) **And you must be willing to start the program in the evening, and stay participating until it ends at 4 am the next morning.**

To really make the change in mindset necessary to break negative cycles and create prosperity, you have to disrupt your normal habits, thinking patterns, and mindset. So we are going to get you out of your normal environment, interrupt your sleep, and actually change your thought process.

If you are not willing to agree to all of these conditions, you may not attend and you should discard this letter now. However, if this sounds like your kind of program and you are willing to meet these conditions, please continue reading.

What Can You Expect At The Workshop . . .

Expect a fun, fast-paced, and very interactive program that will keep you awake until the wee hours of the morning! In fact, don't be surprised if you leave at 4 am completely energized, and find yourself in an all-night coffee shop excitedly discussing what you learned with some of the new friends you made at the event!

This truly is a life-transformational event. When you leave the next morning, you won't be the same person that arrived the night before. Even if you're the kind of person who is normally asleep by 10 p.m., you'll find yourself leaning forward, hanging on every word, realizing that this one night can change your life forever. Really.

Session one is about detoxification, cleansing, and ultimately, enlightenment. You'll learn about the little-known world of “memes”—also known as mind viruses. You'll discover how memes work and how you get infected by them.

We'll play a simple game which will demonstrate to you how easily and completely you can become infected with limiting beliefs. Then Randy will explain and define what true and abundant prosperity really looks like—so you know the target you are shooting at.

After that, you will learn the kind of negative memes you get from government, organized religion, the media, even your friends and family. Most importantly, you'll find out how to recognize the negative memes you've been infected with against your will. You will purge and delete these viruses, so they can't hold you back and block your prosperity any longer.

In session two, your enlightenment will progress to levels you didn't even know existed! Randy will reveal the seven sacred spiritual principles upon which all prosperity is based.

We'll explore each of these in turn, with examples and demonstration—so you really and totally understand each of them. You'll be privy to ancient wisdom that has been nurtured for thousands of years—but explained in a way you can relate it to your life right now, in today's world. This is absolutely life-changing information, the “missing link” that keeps most people from prosperity.

And that's a natural lead-in to session three. This section is totally about application. How you take these principles and apply them in your life to get healthy relationships, optimum health, a harmonious environment, and great wealth. *You'll learn how to use the power of mind to manifest health, happiness and money.*

You probably noticed we used the word *money*. There's a reason for that. This is not one of those tofu burger workshops on how to chant mantras and live like an Ascetic. **Randy is going to show you how you get rich!**

This workshop will show you how to manifest serious and truly abundant prosperity in all areas of your life. So this session will offer tangible strategies to get out of debt, how to practice prosperity as a way of living, and Randy will even share the types of businesses that offer you the greatest and fastest ways to create wealth. *And if you ask him nicely, he may even reveal how he applied these principles to make an extra \$250,000.00 in twenty minutes!*

Which takes us to the fourth and final session . . .

Where you're going to have to get a little philosophical. Because to really get—and keep—great wealth—you need to have a purpose, and values you live by.

You'll learn how to define and live by your purpose. And you'll know the values that support that purpose by the end of session four.

Then Randy will reveal the seven keys that you must possess to develop a multi-millionaire or multi-billionaire mindset. And finally, you will create the picture of your perfect life of abundance—so you know exactly what that looks like for you.

Who should attend . . .

As I mentioned earlier, this program is most certainly not for everyone. In fact, probably ninety percent of the general population isn't ready for it yet. The ideas are too threatening to their beliefs. They are so infected with lack programming and limiting ideas that they are simply not capable of critical thinking and objective evaluation.

Please do not attend if you are a Jehovah Witness, Southern Baptist, devout Catholic, or any other fundamentalist Christian. You're so programmed in “original sin” and unworthiness issues you won't be able to accept the teachings. You'll be so busy trying to “save” Randy you won't be able to learn anything. It will be a waste of your money.

Likewise if you are a fundamentalist Muslim who believes that everyone of other faiths is evil, and shopping centers, consumer goods, and luxury are Satan in disguise. Better you stay home to grow your beard and stockpile weapons at the mosque.

In fact, if you are a fundamentalist of ANY of the major organized religions, you should not attend this event. You will be offended, quite uncomfortable, and will likely leave before it is over. Randy suggests that you “Take the money you would pay to attend and send it to Pat Robertson or one of those other crazy ass preachers.”

Now make no mistake . . .

This is not an atheist convention. Randy is a very spiritual person, and this program welcomes people of all faiths. You can be sure the group you will be attending with will be a mix of Christians, Jews, Muslims, Hindu, Atheists, Agnostics, Buddhists and other beliefs as well. But it will be people that practice the core principles of those faiths, grounded on love.

We will celebrate the universal principles that underlie all of these beliefs structures. *But if you practice fundamentalism (meaning using religion as a mask for hate and intolerance)—this program is definitely not for you.*

Likewise if you believe you are supposed to sacrifice yourself now and get your reward in the afterlife. Randy has no interest in debating you. Stay home and sacrifice.

Your beliefs create your mindset. Your mindset determines the actions you take. And those actions on a day-to-day basis build up, or tear down your prosperity.

So if you aren't willing to question your most deeply held beliefs, there is no reason to attend. If you want to be totally healthy, experience real happiness, and manifest true financial independence—you must come with an open mind, and the ability to question your beliefs about religion, marriage, relationships and money.

Now if you believe in true spirituality, that we are all perfect children of a creator, and you don't have any hang-ups about names or labels, then this program is perfect for you.

You'll discover the keys to true and overflowing prosperity in a safe, caring, and non-judgmental environment that honors all faiths that practice love. You will discover how to integrate the teachings of Buddha, Jesus, Babaji, and other living masters to create your own life of health, happiness, and abundance.

- If you believe that disease is an aberration, and abundant health is your natural state—by all means come to the workshop.
- If you believe that you are meant to be happy, enjoy your work, and live a life of meaning—come to the workshop.
- If you really believe there is a perfect soul mate for you, and you are meant to have a healthy relationship of two independent equal partners who come together to form a bond together that enriches life for both of you – a bond that includes stimulating late night conversations, quiet moments where words are not necessary, times when you are happy to pursue separate interests yet other times when you ache to be together; times of hot, steamy, bed-breaking sex, and times when you just curl up and cuddle – then this workshop is for you.

This event is for people who realize they are meant to be healthy, happy and rich. And want to know how to do it.

What's the Price?

You can attend this program for only \$67, if you pre-register. Randy believes the information in this seminar is vitally important to the world and wants to spread the message far and wide.

So we've organized this one-night crash-course on the topic, and priced it so anyone who is serious about learning the information can attend. Just this one night will give you enough information to start the transformation from lack to abundance.

Program Guarantee . . .

There is none. Unlike his other seminars and workshops, Randy made a conscious decision not to offer a guarantee for this program. *You can't be treated for prosperity; you must be open to receiving it.* He will be sharing how he rose from scrapping plates in a pancake house to become a multi-millionaire.

If you don't get healthy, happy and rich after attending this program, there's one reason, and one reason only: you don't want to be!

In just one evening, you'll learn secrets of wealth that have withstood centuries, what businesses lead you to wealth quicker, and manifestation techniques that materialize things fast. Don't miss this one-of-a-kind program. It really can turn the key and unlock your abundance!

You'll experience an evening of enlightenment, fellowship and fun. You'll learn what you need to know to breakthrough what's been holding you back in any area of your life. It is your key to unlocking the timeless truths about how prosperity is manifested in your life.

You'll find the dates and locations below. Please find the workshop location nearest you and register before all of the spaces are filled. It will be an evening you will never forget: The night that started your new rich life! www.sacredsecrets.com

The information covered in this interview is in complete alignment with the content of The NetMillionaire Training System. The MLM industry will never be the same after using this revolutionary system as a means of creating higher associate retention rates for the trainer's downline. Furthermore, by utilizing its customizing feature, this training system can be modified to act as a recruiting tool to show new prospects the value and freedom that the networking business can provide.

Other customizing features include the ability to focus the training to review Sales and Marketing skills that cover; Handling Objections, Win-Win Closing Techniques, Advanced Leadership Skills and ideas for Warm and Cold Contacting of new prospects.
